This is the Red Hat Printtool PostScript Test Page (A4)

This logo has a red hat, so if your printer is configured for color it should be red!

Here are some other colors; they will appear as greys on a B&W printer...

The boxes bordering this page are spaced at 1cm and 2cm from the sides of the paper.

It is not unusual for the 1cm bottom margin not to show. Many printers cannot print that close to the bottom of the page.
